EXPEDITION

Ford

Experience the
power of more.

The new generation 2018 **EXPEDITION**.

SMART

More driver-assist technologies¹ than any vehicle in its class² inspire confidence, helping you stay alert and in command. Our 360-degree camera¹ helps you maneuver at low speeds with a complete view of your surroundings. You can even choose which type of get-in-and-go confidence you need using the Terrain Management System which includes Sand Mode™.¹ So take charge of the road, and so much more, in the new generation **EXPEDITION**. Always Unstoppable.

ADAPTABLE

More ways to utilize space for passengers and cargo. Starting with a spacious cabin with room for up to 8 adult passengers and their gear. Second-row seats that tip-and-slide forward¹ for easy third-row access. Power, fold-flat second¹ and third-row seats that make it easy to shift between more passengers or more cargo.⁶ And an advanced Cargo Management System¹ to help you stow items securely. Tackle it all in the most adaptable **EXPEDITION** ever.

CAPABLE

More horsepower.³ More torque.³ EcoBoost power delivers up to 400 horsepower⁴ and 650Nm @ 5 500rpm.⁴ New 10-speed automatic transmission. Best-in-class towing capability of 4 212kg.⁵ Plus, advanced towing technologies¹ that help make towing and backing up your trailer easier than ever. A new FX4 Off-Road Package, fortified with the gear you need to get out there... and back. Introducing the most capable **EXPEDITION** ever.

EXPEDITION + EL

More cargo room with **EXPEDITION EL**. Nearly a foot longer than **EXPEDITION**, with extra room in all the right places, **EXPEDITION EL** is for those who want to go bigger and carry more along the way. It can accommodate an additional 479 liters of cargo.⁶ And with even more head room in the third-row, those who need more choose **EXPEDITION EL**.

Limited. Stone Gray. Available equipment.¹ Available feature.² Class is Extended Utilities based on Ford segmentation. ³Compared to 2017 Ford **EXPEDITION**. ⁴According to the American Society of Automotive Engineers (SAE). Achieved with 93-octane fuel. ⁵When properly equipped. ⁶Cargo and load capacity limited by weight and weight distribution.

Lead the way in a whole new direction.

Taking command is easy in the new generation **EXPEDITION**. 10-way power front seats¹ (including power lumbar and recline), power-adjustable pedals, and power sideview mirrors all have a memory feature.¹ Conveniently recall your stored settings (for up to 3 drivers) with just the touch of a button.

Take control

With your Intelligent Access key fob¹ in a pocket or purse, just touch the door handle to unlock. Push-button start and a nicely weighted rotary gearshift dial make it easy to set out for your destination. Reach for the warming touch of a leather-wrapped, heated steering wheel,¹ or enjoy a gentle breeze from the power panoramic Vista Roof[®] that spans the first 2 rows.

Take it in

A B&O PLAY™ Premium Audio System by HARMAN¹ – with specifically engineered 12-speaker placement, tuning and calibration – makes it easy to enjoy every drive. No matter where you're comfortably seated, every seat is the best seat in the new generation **EXPEDITION**.

Limited. Leather-trimmed interior in Medium Stone. Available equipment. ¹Available feature.

With the Dual-Headrest Rear Seat Entertainment System,¹ passengers can view content from their compatible Apple® or Android™ devices on the screen mounted securely to the back of each front seat. Content can also be accessed via SD card, HDMI cable and USB device. A charging pad^{1,2} in the front center console allows convenient wireless charging of compatible mobile devices. In fact, **EXPEDITION** provides charging power in every row for smartphones and other devices – with four 12V power points, 6 USB ports,¹ and one 230V outlet.¹ Plus, PowerFold second-¹ and third-row seats, and a power panoramic Vista Roof[®] with power sunshade add convenience and character on the go.

EXPEDITION EL Platinum. Leather-trimmed interior in Ebony. Available equipment. ¹Available feature. ²Not all phones are compatible with wireless charging. Available wireless phone charger supports Qi and PMA standards.

Space for all your gear.

Make lasting memories with seating for up to 8, the new generation **EXPEDITION** can carry the whole family in sophisticated style and exceptional comfort.

Interior Upgrade

The most adaptable **EXPEDITION** ever helps maximize comfort for all. Like first-row leather-trimmed seats¹ with heating,¹ ventilation¹ and massage.¹ Your choice of second-row, power-folding, 40/20/40 tip-and-slide seats¹ or bucket seats.¹ In durable cloth or elegant leather trim.¹ And in the rear, a 60:40 PowerFold[®] power-reclining third-row seat. No matter your location, 15 beverage holders throughout the interior provide a perfect spot for every drink. And there's power for all three rows: with four 12V power points, 6 USB ports¹ and a 230V power outlet¹ to help keep everyone's devices powered up and ready to go.

Platinum. Leather-trimmed interior in Medium Soft Ceramic. Available equipment.¹ Available feature.

Max out your adventures in the new generation **EXPEDITION EL**. Nearly a foot longer than **EXPEDITION**, **EXPEDITION EL** can accommodate an additional 479 liters of gear.¹ With even more head room in the third row, and larger rear door openings for easier entry and exit. And just like **EXPEDITION**, the inviting and spacious cabin offers generous room for up to 8 adult passengers. With second-row, power-folding, tip-and-slide seats, it makes it possible to keep a child safety seat secured in any section of the seat while you simply slide it forward as passengers get into the third row. In the power-reclining PowerFold[®] third-row seat, they'll be as comfortable as in any seat in the cabin. To quickly switch from passengers to cargo hauler – and back again – power, fold-flat, second- and third-row seats operate with push-button simplicity. Accessing the cargo area is as simple as manually opening the liftgate glass or the liftgate itself, or by waving your foot under the rear bumper to take advantage of the ultra-convenient hands-free foot-activated liftgate. With both rows folded flat, **EXPEDITION EL** can even carry up to 1.2 x 2.4 (m) sheets of plywood with the liftgate closed.

¹Compared to 2017 Ford **EXPEDITION**.

Do more. In the most capable **EXPEDITION** ever.

Hit the ground towing with best-in-class max. 4 212kg towing capability¹ in the new generation 2018 **EXPEDITION**. It all begins with a firm foundation, including a redesigned high-strength steel frame, and an all-new, high-strength, aluminum-alloy body.²

Accelerate your adventures

With 375 hp³ and 637Nm of torque,³ the twin-turbocharged, port- and direct-fuel-injected 3.5L EcoBoost engine delivers responsive acceleration, and is teamed with a new 10-speed SelectShift[®] automatic transmission. Its wide 7.4:1 gear ratio span helps smooth out the steps between gears – delivering the engine’s power consistently for an enjoyable driving experience.

EXPEDITION and EXPEDITION EL Platinum. Stone Gray. Available equipment. ¹When properly equipped. ²6000-series aluminum alloy. ³400 horsepower and 650Nm of torque on Platinum.

Enhance towing confidence

Three features of the new 10-speed automatic are particularly useful when towing. SelectShift[®] capability allows you to manually upshift or downshift without using a clutch. Progressive range select mode allows you to lock out the upper gears while towing to help maintain a consistent speed on steep grades. And tow/haul mode features smart shift logic that helps to eliminate unwanted frequent gear shifting on steep uphill grades, while allowing engine braking to help maintain vehicle speed when descending a steep grade with a load in tow.

Back up your trailer with ease

Pro Trailer Backup Assist^{™4,5} makes backing up your trailer as easy as turning a knob. While your sideview mirrors are your primary visual aid, Pro Trailer Backup Assist features a rear-view camera image to help view trailer direction and determine trailer placement. Simply rotate the knob in the direction you want the trailer to go. The system automatically steers **EXPEDITION** to turn the trailer the desired amount.

Get a 360° view

A 360-degree camera with Split-View Display^{4,5} features 4 cameras that let you see all sides of the vehicle on the 8" color LCD touchscreen.⁴ It works at low speeds in Forward and Reverse.

⁴Available feature. ⁵Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle.

Command confidently with all-around assistance.

EXPEDITION driver-assist features¹ can help prevent a collision with a vehicle or pedestrian,² help keep you centered in your lane,² and warn you of vehicles detected in your blind spots.² **EXPEDITION** can even take the hassle out of parking with enhanced Active Park Assist.^{1,2} It not only assists you in finding a spot, it steers the vehicle into it while you control the brake, accelerator and rotary gear shift dial. As you pull out of a parallel spot, it provide assistance as well.

IN TRAFFIC

Adaptive Cruise Control with stop-and-go^{1,2} actively controls acceleration and braking based on the speed you set, automatically adjusting that speed to maintain 1 of 4 preset gaps from the vehicle directly in front of you. The system can be used in both high and low speeds, and can even follow that vehicle to a complete stop.

WHEN CHANGING LANES

Blind Spot Information System (BLIS®) with trailer coverage^{1,2,3} warns you if it detects a vehicle in either of your blind spots while driving forward. Optimized for **EXPEDITION**, the range of BLIS® can be programmed and extended to include a conventional trailer. When not towing, Cross-traffic Alert notifies you of vehicles approaching from the sides while in Reverse.

When necessary

Pre-Collision Assist with Pedestrian Detection^{1,2} can alert you with visible and audible warnings if a potential collision with a vehicle or pedestrian is detected. If the system determines a collision is imminent, active braking may automatically apply the brakes.⁴

Platinum. Blue. Available equipment. ¹Available feature. ²Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ³BLIS® replaces standard integrated blind spot mirrors. ⁴Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. ⁵Lane-keeping System does not control steering.

Between the lines

Drifting out of your lane? The Lane-keeping System^{1,2} can help. By applying steering wheel torque, and even alerting you with gentle steering wheel vibrations, it helps direct you to return to your lane.³ If it detects you've come too close to – or crossed – the lane markers multiple times, a Driver Alert System^{1,2} displays a coffee cup icon to suggest taking a break from driving.

APPLE CARPLAY™ COMPATIBILITY³

- Use Siri to interact with your iPhone
- Access your favorite songs and playlists in Apple Music®

VOICE-ACTIVATED NAVIGATION²

- Turn-by-turn directions
- Vivid 3-D maps
- Pinch-to-zoom touchscreen capability

STAY CONNECTED ON THE MOVE

Imagine controlling calls, music and more with just a touch and your voice. SYNC®3^{1,2} lets you keep your hands on the wheel while it quickly responds to your spoken requests. Or use the responsive touchscreen in the center of your instrument panel to access its many helpful features. Bring the power of Siri into **EXPEDITION** with Siri Eyes Free and your paired iPhone. The system also features two smart-charging USB ports to help keep your devices powered up and ready to go.

¹Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.
²Available feature. ³Available via download and compatible with select smartphone platforms. Learn more at fordpass.com. Message and data rates may apply.

CELEBRATE YOUR ACCOMPLISHMENTS

You've reached the pinnacle. Up here, 22" polished aluminum wheels command attention. Power-deployable running boards with polished stainless accents extend to give you a lift. An enhanced 3.5L Twin-Turbo EcoBoost engine delivers 400 horsepower¹ and 650Nm of torque.¹ While a continuously controlled damping (CCD) suspension makes adjustments in milliseconds to help improve vehicle control. Inside, enjoy the most luxurious **EXPEDITION**. Real wood accents. Perforated inserts and quilted bolsters that define the luxury leather-trimmed, heated and ventilated multicontour front seats with Active Motion®. And every driver-assist technology that **EXPEDITION** offers is at your service. This is Platinum. Enjoy the view.

Platinum. Blue. Available equipment. ¹According to the American Society of Automotive Engineers (SAE). Achieved with 93-octane fuel.

Venture out
with confidence.

FX4

MAINTAIN YOUR BALANCE

AdvanceTrac® with Roll Stability Control™ (RSC®)¹ enhances vehicle stability in a wide range of conditions. By selectively applying individual brakes and modifying engine power, the system helps keep all 4 wheels firmly planted. In addition, Curve Control¹ helps slow you down if you're heading into a curve too quickly.

Enhance your peace of mind

A suite of 6 standard airbags includes the patented Safety Canopy® System with rollover sensor. If needed, the system can deploy side-curtain airbags along all 3 vehicle rows. The Individual Tire Pressure Monitoring System² allows you to check pressure in each tire. You'll be notified if any tire's pressure is low. A numerical value will even tell you how low.

XLT. Ruby Red Metallic Tinted Clearcoat. Available equipment. Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ²Excludes spare.

GET OUT THERE

And back, thanks to the exceptional off-road capability provided by the **EXPEDITION FX4** Off-Road Package.

Take your crowd away from the crowds

With the easy-to-use 4WD with Terrain Management System™, you can select from 7 drive modes that help **EXPEDITION FX4** adapt to different road conditions. Skid plates help protect the underbody. A patented electronic limited-slip rear differential can vary power output from side-to-side in low-traction off-road situations, depending on which wheels need extra traction. Off-road-tuned front and rear shocks help keep you in contact with solid ground. While all-terrain tires with thick sidewalls deliver the traction needed over rough terrain. Chrome-plated running boards and 20" Magnetic-painted cast-aluminum wheels set you apart on the trails. Hit the ground running in the most off-road capable **EXPEDITION** ever – FX4.

XLT. White Platinum Metallic Tri-coat. FX4 Off-Road Package. Available equipment.

Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully too.

Green

Using advanced Ford technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

Safe

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to protect you.

Smart

Vehicles with smart intuitive technologies designed to connect your world, and many clever solutions from Ford that make life a little easier.
